SUMMARY

Enthusiastic and dedicated Frontend Developer with a strong foundation in creating dynamic and responsive web applications. As a recent graduate, I have successfully completed various projects that demonstrate my ability to translate complex requirements into user-friendly designs. Currently eager to expand my skill set to include backend development, with the goal of becoming a Full Stack Developer. Passionate about continuous learning and excited to contribute to innovative projects in a collaborative environment.

EXPERIENCE

React Developer Intern (Remote)

Springgreen

02/2025 - Present Bengaluru, India

Currently working as a React Developer Intern at Springgreen, where I collaborate with cross-functional teams to build and deliver responsive web applications within tight deadlines. My work primarily involves using React.js, Next.js, and Tailwind CSS to create intuitive user interfaces, along with integrating APIs for dynamic data handling and seamless user experiences.

PROJECTS

Airbnb Frontend

https://airbnbshivanshchopra7.vercel.app/

Created a visually appealing and responsive clone of Airbnb's frontend, featuring property listings, search functionality, and interactive filters. The application delivers a seamless user experience, replicating key aspects of the original platform's design and functionality. Successfully implemented UI components that enhance user engagement and navigation.

Youtube Reskinned

https://youtubeclone-shivanshchopra7.netlify.app/

Developed a responsive YouTube clone with a user-friendly interface, enabling users to browse and watch videos seamlessly. The application includes features such as video search, recommendations, and detailed video views, closely mimicking the original platform's functionality. Successfully implemented key UI components to enhance user interaction and engagement.

Apple Vision Pro Site

https://visionpro-shivanshchopra7-github.netlify.app/

Developed a responsive and visually engaging clone of the Apple Vision Pro webpage. The project showcases detailed product features, design, and technology highlights, replicating the immersive and sleek presentation of the original site. Successfully implemented various UI components to provide a seamless user experience.

EDUCATION & CERTIFICATION

Bachelors Of Computer Application

Jims Noida Extension

08/2022 - 08/2025

AI Fullstack Engineering

100x Engineers

08/2023 - 12/2023

STRENGTHS

Problem Solving

Regarded for the capacity to dissect complex problems, resulting in development of effective solutions.

Team Player

Accustomed to working as part of a diverse team, leveraging individual strengths to accomplish collective objectives and project completion

Attention to Detail

Built a reputation for meticulous attention to design and coding details, aiding in the delivery of pixel-perfect and user friendly web interfaces

SKILLS
